

HEALTHCARE RISK MANAGEMENT SERVICES

Avoid lawsuits, negative publicity and costly insurance claims.

Because of clinical implications, you don't want a generalist telling you how to prevent medical professional liability and clinical workers compensation claims. Bring in the specialist for the unique type of care or setting.

OmniSure consultants are experienced clinicians with specialty-specific knowledge to help you implement patient safety, regulatory compliance, employee safety, and other provider type and setting specific risk reduction initiatives.

- Medical Practices
- Senior Care
- Specialty Healthcare:
 - Surgery Centers
 - Addiction Treatment Centers
 - MedSpas
- General Healthcare
- Correctional Healthcare
- Clinical Trials
- Community Hospitals

Exceptional resources for reducing risk.

Specializing in risk consulting, quality assurance, performance improvement, process improvement, and compliance for a broad range of healthcare, social service, and professional organizations.

- Onsite Risk Consultation
- Telephone & Web-Based Consultation
- Online Self Assessments
- Web-Based Resources & Tools
- Risk Management Helpline
- Risk Tips & eNews Alerts

We are specialists in risk management, employee safety and patient safety and we're here for you every step of the way.
